

SEA YOU THERE

Nandana, the exclusive Bahamas villa resort located inside a private residential complex at Grand Bahama Island's far west end, has added seaplane service to its extensive list of amenities, which includes fine dining, spa services and a plethora of water activities, in case acres of white sand and Bahamian blues prove insufficient. Now yachting guests, who dock on site or anchor off the oceanside villa, can have visitors join them via private seaplane transfers and, as a bonus, everyone can clear customs on site. www.nandanavilla.com – **Necee Regis**
